UPDATES TO THIS GUIDE

- “Apply to team” and “Invite Parent” screenshots have been expanded to show the full page. Thanks Eric H
- “Completed STIMS on the **only** system” corrected to “completed STIMS on the **old** system.” Thanks Scott K
- Complying with FIRST branding by putting ® after first mention of FIRST in each context
- Font to Roboto because why not

About STIMS

STIMS is the student registration portal for all FIRST® programs (FLL Jr., FLL, FTC, and FRC). All students must complete this registration before competition season begins (preferably before build season). They then must apply to a team. Parents are also required to digitally sign a consent and release form from FIRST. Once both the student and parent have completed their registration, the primary contact (Head Mentor) of a team can accept them.

About this guide

The 2017-18 system is far different from the previous iterations of STIMS. It is now more fully integrated with VIMS (the volunteer system) and TMS (the team/mentor system). This makes it easier for people with multiple roles to do everything in one place. The website is also much more streamlined than it has been in the past. However, we still wanted to provide a guide which teams are free to send out to their students and parents. We provide instructions for new students and parents as well as those returning. Everyone who completed STIMS on the old system should still be able to log in to the new one and follow the instructions for returning members.

About The MilkenKnights

The MilkenKnights are FIRST Robotics Competition team 1836. Learn more about us at milkenknights.com.
